COMING EVENTS

A meeting of the Women's Prayer will be held in the United church on Friday, Feb. 21st at 2:30 p.m. to which all women are invited. Anglican, Salvation Army and United church ladies will take part.

Grands Lost A Game To Nanton Friday

Went Down 4-1; Trim Vulcan 16-2 to Wind Up League Play.

Grands, in order to wind up their last two games, gathered together what players they could on Friday afternoon and set out for Nanton. Some of the players have been losing a number of shifts and the loss of revenue is no doubt being felt by their families. In order to allow them as many days as possible the team gathered together a skeleton crew which saw neither Pow in goal nor a single defenceman.

Playing Nanton with eight players Grands scored the first goal, but failed to hold the fast skating Nanton sextet and suffered a 4-1 defeat.

On Saturday night they moved into Vulcan where easier opposition was met with the result the Grands fired sixteen goals by the prairie netman while Vulcan could only counter twice.

The rest given Pow and the defencemen as well as some of the forwards will bear interest. Bill Moxell has a sore shoulder and is now being given the chance for rest and get back into good physical condition.

Shaughnessy Cadillacs beat out Nanton in the first round of the provincial intermediate playoffs and come to Coleman Saturday night to play Grands. The locals will be at full strength.

JOURNAL HEARS FROM THE PETRUNKS

The Journal received a nice letter along with a renewal subscription from Mr. and Mrs. Joe Petrunk on Wednesday morning. The letter reads: "We enjoy getting The Journal so much. Had a bit of illness in the family but everyone is well again. I wish I could have my friends see the 'Falls' now. It is a beautiful picture as the cold weather has caused it to freeze over until the rocks are bare and only a trickle remains. The cold weather has also created a serious drain on power and gas facilities and many people in the city are barely getting enough gas to cook with."

Best of luck to you and Colemanites in 1947."

Ed's Note: Mr. and Mrs. Petrunk reside at Queenston, Ont. in the Niagara Falls district.

Explanation Re Arena Schedule

The Coleman Community Sports Association wishes to announce that from November 18, 1946, to February 7, 1947, its arena schedule has been in operation for fifty five (55) days. During that time ten (10) hockey matches have been held and forty five (45) days have been set aside for skating with Sunday being reserved for adult skating.

This is a record for the arena and the policy maintained is to use the ice whenever weather conditions permit. "We save ice for no one," has been a rigid policy.

The C. C. S. A. refused to continue to aid in operation of the open air rink due to fact that youngsters were not using it. To enable youngsters 10 and under to learn to skate however the icemaker has had the arena available to them for afternoon skating for at least twenty days.

Authorized by the Coleman Community Sports Assoc.

MRS. M. E. CORNETT BEREAVED

Mrs. M. E. Cornett has been advised of the death in Vancouver of her sister, Mrs. Adrienne Williams, 51. The latter passed away at her home on Sunday, Jan. 26, following a lengthy illness.

Mrs. Cornett was unaware of her sister's passing due to her failing to receive a wire sent her by relatives at the coast city and learned of the death through ordinary mail.

6th Annual Lions Drama Festival Notes

Final arrangements for the annual Drama Festival are now swinging into high gear, and the committee is hard at work to make this year's festival another outstanding success. We regret we have to report that last minute cancellations have reduced the festival to a one night performance only. Both Fernie and Blairmore clubs have cancelled their entries due to casting difficulties. This is regretted since both clubs had entered first class plays and the performances would have been up to festival levels.

The program as it now stands will include "The Woman in the Freight Car," a heavy drama by the Carleton Place Club. Festival patrons need not be reminded that they can expect another thrilling performance from this excellent group of players under the direction of Mrs. Alice Dowdle.

The Coleman Players Club is presenting another gripping drama, "Where the Cross is Made," by Eugene O'Neill, Jimmy Allan directing. To round out the program the Coleman Players will present "The Pot Boiling," by Alice Gerstenberg, a rollicking farce under the direction of Mr. A. E. Graham. Altogether a splendid evening can be looked forward to. Best news to report is that Mrs. W. T. Hobson, of Calgary, has been appointed adjudicator. Mrs. Hobson won the hearts of the audience at the festival in 1944 when she and Mr. Hobson acted as co-adjudicators. Mr. and Mrs. Hobson have been faithful friends of Coleman since that time and have made the trip down each year to see the festival.

The night of the performance (Continued on Page 5)

William Kerr President Crows Nest Pass Curling Association; 1947-48 Bonspie Awarded Bellevue

Turtle Mountain Playgrounds Scene of 1946-47 Association Banquet Tuesday Evening; Dow Plans Training Young Players

The annual banquet of the Crows Nest Pass Curling Association, the annual bonspiel of which is in progress in the Pass this week, was held at the Turtle Mountain Playgrounds on Tuesday night and was an unqualified success. The main dining room was very well filled with curlers from as far west as Fernie and east as Taber.

President Harvey Carmichael presided and kept the program moving along at a nice pace. Following the reading of last year's minutes the veteran William Kerr submitted the invitation of the Bellevue club to have the bonspiel at Bellevue on artificial ice in February, 1948. The invitation was accepted unanimously. Mr. Kerr was then honored by being elected president of the Association for 1947-48.

Many of the prominent curlers in each town were called upon for brief addresses. Mr. Andrew Dow spoke for Coleman and invited all visiting curlers to inspect Coleman's rink before leaving for their respective homes. He stated he planned on extending the rink from four sheets of ice to six. He also disclosed his plans for promoting interest in the game among young school boys and placing at least one interested youth in each club rink next season. He desired to see the Crows Nest Pass bonspiel grow to twice its present size and become the principal bonspiel in this territory.

Fred Antrobus Arbitration Board Chairman

Probably Hold Meetings in Coleman to Hear Both Sides of Teachers' Salaries Dispute.

Fred Antrobus, police magistrate, has been appointed by the provincial government to act as chairman of the Arbitration Board set up to enquire in the salary dispute at present existing between the local school board and its teaching staff.

The teachers are represented on the Board by Mr. McKim Ross, of Edmonton, and the school board by Mr. Wm. Chappell, of Blairmore.

Mr. Antrobus is now making arrangements to hold the hearing, which will very likely be held in Coleman.

Civic Centre Meeting Scheduled For Feb. 21

Probably the most important meeting of the year will be held Friday evening, Feb. 21, in the Community hall when the citizens of Coleman will have the opportunity of voicing support or opposition to the project of constructing a civic centre.

The temporary committee has worked hard in preparation for this meeting and believe they have the answers to the many questions anticipated.

The hall should be packed for this meeting and citizens should make every effort to attend.

Waldo Greenway, old time Lethbridge curler, was absent for the first time in many years and the Association sent him a wire expressing its regret at his absence at the bonspiel and banquet.

Miss Audrey Sterba, Bellevue songstress, delighted the large audience with two songs. Agentman from Pincher Creek gave a number of recitations which were well received.

32 Rinks Entered Crows Nest 'Spiel

Meyers, of Taber, Was Only Undefeated Rink up Till Tuesday Night; Leduc and J. O. Stewart Lose One Each.

Crows Nest Pass curling bonspiel started on Saturday night and carried on continuously up until today. Thirty-two rinks were entered, 12 being from Coleman; Blairmore, Bellevue, Taber, Fernie and Pincher Creek making up the balance.

Ed. Leduc and Meyers, the latter from Taber, set the pace till Tuesday afternoon with no defeat. However Leduc was side-tracked when Stewart, of Macleod, tripped him in the eighth of one competition. Stewart has also suffered one defeat, that being at the hands of the veteran Bill Kerr, of Bellevue.

Leduc was the first to reach the jewelry. His club mates are still very much in the bonspiel and are giving as good as they are receiving.

Memorial Fund Still \$76 Short of Objective

At a recent meeting of the Memorial Park committee, the financial statement was discussed at some length. Up to the present time, the committee has received a total of \$2,923.75. Expenditures to date amount to \$414.70, made up mainly by deposits on the material to build the Cenotaph.

While the response to this appeal has been very gratifying to all those connected with the drive, the total is still \$76 short of the objective. The committee is therefore making an appeal to those who have not already contributed, to help in building the Fund to the desired amount.

The committee acknowledges the following recent contributions with thanks:

C. Rogers	\$ 5.00
H. Allen	2.00
R. Spillers	2.00
McGillivray Fire Bosses	15.50
J. Howarth	1.00
L. Krish	1.00
Mrs. J. Jackson	1.00
W. Hoggan	1.00
D. Filafilo	1.00
A. Gettman	1.00

GETS NEW TRUCK

Wm. Martland took delivery last Saturday morning of his new 3-ton Maple Leaf truck. The new machine will be used principally hauling coal. When this department is slack however it will be used to aid the present ash truck in ash collections.

MR. AND MRS. A. GENTILE NOW RESIDING IN VANCOUVER

Mr. and Mrs. Angelo Gentile, who have resided at Fort Langley for the past few years, moved into Vancouver city at the beginning of the year where Angelo is employed at the Haddon hotel, on Powell street.

They are seeking a home and expect to secure one within the next few weeks.

Crows Nest Ski Club Sponsored Tournament

Ski Run in Perfect Condition; Many Thrilling Races; Prizes Awarded at Banquet.

Even the elements put on their Sunday best behavior to make the CNP Ski Club third annual ski tournament a grand success. The quiet sunny day brought out skiers and spectators alike to enjoy the thrills and spills. The juveniles set the day off to an early start with some fine racing and the junior men in their downhill races set a speedy course to be followed throughout the day.

By noon a bus and several private cars had brought a large crowd of skiers from Lethbridge, Waterton, Burnie, Crows Nest and other points. The run was opened for general skiing during the noon hour. The many beginners were given instruction by Mr. R. Rault of Lethbridge, the general manager of the day's events.

During the afternoon the junior slalom and ladies' senior events were run off before a large crowd of spectators. The big event of day proved to be the senior men's downhill, which was run from the top of the mountain. In his address to the public Mr. Rault estimated the speed of the skiers coming down at between 30 and 45 miles per hour. It proved an exciting race with the last runners rather handicapped by numerous "bath-laps" created by the earlier contestants. The open prize went to C. Goble of Waterton, who came down in 1 minute and 42 seconds. The closed prize went to Richard Antonenko of Coleman, whose time was 1 minute and 55 seconds. There were 17 runners in the event.

Due to the lack of time, the senior men's slalom, the last event of the day, was made a shorter run than had been planned.

After a hearty supper at the Greenhill Grill the prizes and trophies were presented to the winners by Mr. Steve Ondrus, vice-president of the club. A vote of thanks for a most enjoyable day was proposed by Mr. Gondwin on behalf of the Lethbridge club.

From the club and all the skiers a vote of thanks goes out to all those willing helpers who gave so generously of their time and labor. (Continued on Page 5)

Midgets Trounce Med. Hat in Two Games

Advance Into Second Round of Provincial Play-Offs; Win 7-0 And 8-2.

Coleman Midgets proved themselves just a little too strong for Medicine Hat Midgets at the local arena on Monday and Tuesday nights when they beat the opposition 7-0 and 8-2 to advance into the second round of the provincial Midget play-offs.

As in the past the youngsters have to get along on very little public support. The two games were poorly attended. It is these youngsters who eventually grow up to become our first-class intermediate hockey players and should be accorded more support than they receive at the present time.

MONDAY'S GAME

Coleman Midgets trimmed Medicine Hat Midgets to the tune of 7-0 Monday night in the first of a two game, total goal series. The fast game was featured with many break-a-ways by both teams.

Coleman: Aldoff, Hill, Sullivan; Davis, S. Wells, A. Wells; Zur, Salus, Ewing, Petrunk, Glowacz, Kapaka, Kovack.

Medicine Hat: Bannan; Balke, Lutes; Mitchell, McDonald, Schacher; Badgero, Richardson, Anson, Hiscok, Ratcliffe.

Referees: Fraser, Roughhead.

Goal Summary

First period: 1, Coleman, S. Wells (A. Wells); 2, Coleman, Davis; 3, Coleman, Salus (Petrunk); 5, Coleman, Salus (Ewing).

Third period: 6, Coleman, Salus (Sullivan); 7, Coleman, Salus (S. Wells, A. Wells).

Penalties: Sullivan, Coleman; Lutes, Medicine Hat. Lineups: Coleman: Aldoff; Parkinson; Hill, Sullivan, Davis; S. Wells, A. Wells, Zur, Ewing, Petrunk, Glowacz, Bannan, Gettman. Medicine Hat: Bannan; Ford; Balke, Lutes, McDonald, Schacher, Edwards, Badgero; Richardson, Anson, Hiscok, Ratcliffe. (Continued on Page 8)

Picobac
THE PICK OF PIPE TOBACCO

An Agency For Peace

THE PHRASE "ONE WORLD" has been used in many connections in recent years and it has become very familiar to us all. It has now been taken up by the United Nations Educational, Scientific, and Cultural Organization which has summarized its objective as "to make the peoples of the world live and think in terms of one world." It is possible that this organization, in which forty-four countries are represented, may have a far-reaching effect on the future outlook of many thousands of people, for it plans to work through departments of education, teachers, and adult education leaders to promote international understanding and stamp out narrow nationalism.

To Break Down Many Barriers

The organization, known more briefly as U.N.E.S.C.O., hopes to develop a world-wide program in fundamental education and to fight illiteracy. It also plans to study the possibilities of establishing an international radio network and of breaking down barriers in other fields associated with the exchange of information and ideas. Mr. Herman Vanden, one of the Canadian representatives to the recent meeting of U.N.E.S.C.O., pointed out in an interview at the conclusion of the gathering, that it must be remembered that the organization does not wish to interfere with the art or culture of any country, but only to teach "the age-old theme of tolerance, understanding and friendship."

A Hopeful Sign For The Future

Prime Minister Attlee once said that "war is made in the minds of men." Few people need to be reminded of the powerful part played by distorted ideas in the building up of the Nazi regime in Germany. It is now a hopeful sign for the future peace of the world that the importance of education in breaking down prejudice and misunderstanding has been recognized, and that practical steps are being taken to use it as a means of preventing future wars. One very commendable and practical undertaking of the organization is the plan to launch a campaign to raise \$100,000,000 to rebuild schools and provide educational equipment in the war-devastated countries. It is probable that immediate results of the plans made at the recent meeting held by U.N.E.S.C.O. will be felt here and in other lands, and it is to be hoped that its undertakings will meet with the interest and support which they deserve.

TOO WEAK TO DO ANYTHING

It was distinction of being the first man to win the BRIER TANKARD (1927) AND THE ONLY MARITIMER TO WIN THE DOMINION CURLING TITLE!

This is the TANKARD! Some men have it!

PREDICTS CAR OUTPUT TO INCREASE

TORONTO.—Prospective buyers of new cars are going to get a 50 per cent. better break in 1947 than they received in strike-torn 1946, according to W. A. Wecker, president of General Motors of Canada Ltd., who predicted that the Canadian auto industry would produce between 150,000 and 170,000 cars and trucks this year. Last year production totalled 105,000 units.

Mr. Wecker spoke at the annual dinner held by his company for the press at the Royal York Hotel. The program was presided over by E. J. Umphrey, director of sales for GM. "My own prediction is about 160,000 cars and trucks, which will relieve the pressure to some degree," the president said. "It will mean that the public won't have to wait so long to get their orders filled."

Mr. Wecker stressed that these production figures were conditional on there being no major work stoppages. He believed that by mid-summer of this year, the supply picture would be much improved. In normal times if there is less than three days supply of any parts on hand, the plant is considered to be out of them. Mr. Wecker said. Today, the factory is running on an hour-to-hour basis on the 8,000 individual items that go into manufacture of cars and trucks. The company had sent its own trucks into the United States to speed up delivery of critical parts.

"We are desperately doing everything possible to fill our production gaps," Mr. Wecker told his audience. He pointed out that though 1946 was a disappointing year in many respects because of strikes and numerous shortages, more cars were turned out in that year than in the last prewar year of 1939.

"After the first quarter of 1947, it is not too much to expect a gradual rise in production volume," the president said.

FUNNY and OTHERWISE

It was the young usher's first big wedding and he had to evict an old lady from the reserved seats. Nervously he tapped her on the shoulder and then said with a rush: "Mardon me, Padam. You're occupying the wrong pie. May I see you to another sheet?"

Juggins: "How do you get on with the boss, old man?"
Juggins: "He's about the meanest man I know."
Juggins: "How's that?"
Juggins: "He's had the legs sawn off the wheelchair so that I can't sit down and rest."

The banker's daughter threw her arms around the neck of the bridegroom-to-be.
"Oh, dear," she exclaimed, "dad's going to give us a cheque for a present!"
"Excellent!" exclaimed the happy young man. "Then we'll have the wedding at noon instead of 2 o'clock."

"Why, dear?"
"The banks close at 3!"

The train was a cross-country affair that stopped at all stations and frequently several times in between. Toward the end of a very long journey the conductor came around.

"Look here, sir," he said to one of the passengers as he examined his tickets, "that boy is too big to travel half-fare."
"Is he really?" replied the passenger quietly. "Well, he was small enough when we started."

Bill was busy at his desk when a friend cracked in:
Friend (grooming): I don't know what to do with this rheumatic pain.
Bill (thoughtfully): I didn't know you suffered from rheumatism.
Friend (glowing): What else can you do with it?

A professor of physiology was describing the organs of sense, etc., and finally asked for a summary of his lecture. The star of the class arose and said:
"Well, Prof., as I see it, I see with my eye organ, I hear with my ear organ, I smell with my nose organ, I eat with my mouth organ, and I feel with my hand organ."

"I can't sleep," wailed a voice in his ear, as the doctor got out of bed to answer the telephone at three in the morning.

"Hold the wire," said the doctor crustily, "and I'll sing you a lullaby."

Palm oil is used in the production of steel plates. 2711

Soviet Weathermen Coming To Canada To Exchange Data

TORONTO.—Dr. C. G. Rossby, professor of meteorology at the University of Chicago, told the Royal Canadian Institute here that Russia is sending a group of experts to Canada and the United States to confer with meteorologists of the two countries, while a group from the U.S. is going to Russia.

He said that as far as meteorology was concerned, Russia co-operated "cordially and completely" in the exchange of weather information.

Canada has six weather stations in 500,000 square miles and should have 15 more, he said. Despite "certain districts of Russia," the fact remained that Russia sends more weather information to Canada than the Dominion's weathermen send to Russia.

Since weather recognizes no borders, Dr. Rossby said he hopes that some day there will be a world weather organization, financed internationally.

Meteorologists throughout the world, regardless of politics and policies, are on a "first name" basis and are interested only in meteorology, he added.

HONEST ANYWAY

Whenever we read about some man saying, in answer to a reporter's question, that he attests his success to his wife, we think of the refreshing answer once made by a man who had the courage not to be modest: "To what do I attribute my success? Why, to my ability, of course!"

POULTRY PURCHASE

OTTAWA.—The British ministry of food has agreed to purchase up to 10,000,000 pounds of dressed Canadian poultry before March 31 and the special products board has increased its buying price to one-half cent under the wholesale value, the agriculture department announced recently.

To Feel Right — Eat Right!

PREDICTS SUCCESS IN CANCER RESEARCH

NEW YORK.—The problem of cancer will be whipped within five years, Emer Bobet said in accepting the chairmanship of the American Cancer Society's drive to raise \$12,000,000 for a concentrated attack on the disease.

Bobet is not a medical man, but he is a recognized authority on cancer. He said he based his opinion that cancer would be solved in five years on the knowledge he had gained in his years in the pharmaceutical business.

Bobet also disclosed that the society already has made research grants, totalling about \$3,500,000, to 101 universities and medical schools, and that eventually the "phase of cancer would come under the program."

At least 1,000 topflight scientists are now working in the research laboratories and more will join the battle as the accelerated program moves forward, he said.

"I believe that within five years we will know all about cancer, he asserted."

Bobet indicated that numerous new leads and discoveries had been made in the research laboratories and that some of these might be made public soon.

Confusion Exists In Cleveland's Chinatown

CLEVELAND.—Confusion, not Confucius, has been reigning in Chinatown here. This city's Chinese population couldn't agree on when to celebrate Chinese New Year.

Some figured it would fall in late February. One man held out for Jan. 22, and the rest have been giving their abuses a work-out trying to decide for themselves.

The dispute is because an arrival shipment of Chinese calendars was overdue.

According to the Chinese calendar, 1946 ended Dec. 31, which is Dec. 2 by the Gregorian calendar.

"Chinese Decembers have only 30 days," said Wing Chin, a Chinatown resident. "Some years have 12 months. Some have 12 months. I think New Year's is the 28th or 29th of February. Maybe by then I'll have it figured out."

But that's just Wing's opinion. His neighbor, Ed. Dea, believes every third Chinese year has 13 months.

"No extra month," he said. No wonder they're confused.

And why so much fuss over Chinese New Year's? William Young explained: "It is important because everybody's birthday in China falls on New Year's day. Chinese babies are one year old when they're born. Then they become two years old on the first New Year's, even if they were born a few minutes before the old year goes out. Also, debts are paid on New Year's."

"Next February has almost 60 days," Young added drily. "Makes figuring very hard."

Howard Chang, of the Hip Sing Lee Tong, pointed to his newly-arrived Chinese calendar, and said, "New Year's comes January 22; also says good day for planting rice crops."

New Zealand's first railway was opened in 1863.

GEMS OF THOUGHT

VICTORY

There is some victory gained in every gallant struggle that is made.

—Charles Dickens.

Not in the clamor of the crowded street.

Not in the shouts and plaudits of the throng.

But in ourselves, are triumph and defeat.

—Longfellow.

A heart loyal to God is patient and strong. Justice waits, and is used to waiting; and right wins the everlasting victory.—Mary Baker Eddy.

In the economy of God, no effort, however small, put forth for the right cause, fails of its effect. John Greenleaf Whittier.

Mankind is not disposed to look narrowly into the conduct of great victors when their victory is on the side of right.—George Eliot.

It is when the hour of conflict is over, that history comes to a right understanding of the strife, and is ready to exclaim, "Lo, God is here, and we knew it not!"—Bancroft.

Cork oak trees grow to 30 feet in height, and their trunks reach a diameter of three or more feet.

GENERAL CRERAR URGES PEACETIME PROGRAM FOR COMPULSORY SERVICE TRAINING

OTTAWA.—Calling for rational, objective thinking on international affairs, Gen. H. D. G. Crerar, former commander of the Canadian army overseas, expressed approval of Canada's policy of consolidating its three armed services and urged a peacetime program of compulsory universal military training.

In an address prepared for delivery at the annual dinner of the Canadian Artillery association, Gen. Crerar said compulsory military training was the only way Canada "will ever possess the practical potential in armed forces which would be required should war be suddenly thrust upon us."

Months of consecutive training are necessary to turn an untrained civilian into a capable fighting man, he continued, adding that any large-scale mobilization of Canada's forces, which would necessitate calling out the reserves, would be "militarily quite ineffective for a lengthy period" unless these reserve forces were previously adequately trained as well as equipped.

"It is most unwise to assume that this matter can wait until the international situation becomes more menacing than at present," he said. "While this procedure holds superficial attractions, we should be fully aware, from recent international history, it is thoroughly dangerous in practice... the more tense the international situation becomes, the louder the cry to avoid any national military action which might tend to aggravate the already inflamed mind of the potential aggressor."

IN POLISH HANDS

WARSAW.—A government spokesman said the administration of the entire Baltic sea port of Stettin had been handed over to the Poles by the Russians. Sections of the port were used by the Russians for transshipment of goods and personnel to and from the Soviet occupation zone of Germany.

SNOW-BLOCKED HIGHWAYS INTERFERING WITH DELIVERIES OF GRAIN FOR EXPORT

WINNIPEG.—Snow-blocked highways in many parts of western Canada had interfered seriously with deliveries of grain from prairie farms, grain men said here, but the paramount problem in meeting the Dominion's export commitments remained one of movement to Atlantic and Pacific ports.

While the visible supply of Canadian wheat as of Jan. 31 was more than 134,700,000 bushels, only about 3,000,000 bushels were in an exportable position, the majority of this at Canadian or United States Atlantic ports. Nearly 77,000,000 bushels were in country elevators.

Exports so far this crop year total 74,500,000 bushels compared with 169,600,000 bushels the same period last year and grain men say that

FARMERS RECEIVED HIGHER PRICES FOR PRODUCE IN 1946

OTTAWA.—Canadian farmers received more for their products at the end of last year than they did at the end of 1945.

The bureau of statistics reported the index of prices received for all farm products last Dec. 15 stood at 183.7 or 5.8 points above the index number of 177.9 a year earlier. The figures were computed on the 1935-39 equals 100.

The index for Prince Edward Island, Nova Scotia, New Brunswick and British Columbia was lower than a year ago, due principally to marked declines in prices received for potatoes, fruits and vegetables. However, index numbers for Quebec, Ontario and the prairie provinces registered substantial increases and indicated these reserve forces were previously adequately trained as well as equipped.

"It is most unwise to assume that this matter can wait until the international situation becomes more menacing than at present," he said. "While this procedure holds superficial attractions, we should be fully aware, from recent international history, it is thoroughly dangerous in practice... the more tense the international situation becomes, the louder the cry to avoid any national military action which might tend to aggravate the already inflamed mind of the potential aggressor."

Strike New Gold Mine In Africa

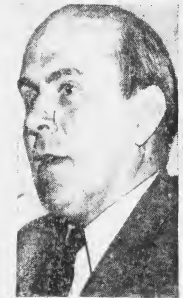

JOHANNESBURG.—A rich new gold strike, nearly 5,000 feet below ground in the Orange Free State goldfield, was officially announced.

It is close to the "richest ever" Oendallersrust strike of last April 16 which gave the phenomenal yield of 23,937-inch pennyweights of gold. The new strike is estimated to yield 12,528-inch pennyweights, more than 40 times higher than yields previously regarded as exceptional.

The strike was said to be on the order of western holdings and territory owned by Blankports, and to be of equal interest to both properties.

SWEDEN'S ROYAL FAMILY BROKEN—Prince Gustaf Adolf died with 21 others in the crash of the Royal Dutch Airliner at Copenhagen. Four generations in the male line of the Bernadotte family are seen here in recent portrait. King Gustaf holds great-grandson Prince Carl Gustaf, centre, who is second in line to the throne, Prince Gustaf Adolf; left, Crown Prince Gustaf Adolf.

EX-WAR SECRETARY HEADS WORLD BANK—New head of the 10-billion-dollar World Bank is John J. McCloy of New York, former U.S. assistant secretary of war. The new president succeeds Eugene Meyer, who resigned.

Duke Of Windsor Plans Autobiography

PALM BEACH, Fla.—The Duke of Windsor said that he is planning to write his autobiography.

Interviewed at the home of Robert R. Young, railroad executive, the duke disclosed that he had many records and notes and a typewriter.

The duke said that some day he would begin to write the story of his experiences and world observations.

STYLES ARE CHANGING

NEW YORK. Brides in 1947 may wear their palladium or gold wedding rings in their ears, as well as on the third finger, left hand, reports O. M. Resen, jewelry designer. "For sentimental reasons," brides are buying three wedding rings, and converting two of them into earrings that match their wedding bands Resen said.

Canada's Stand

Explains Peace Treaty Request

OTTAWA.—Canada does not want to see a few countries "dominating" the peace, Prime Minister Mackenzie King told the commons in an explanation of the dominion's request for a voice in the German peace treaty.

Declaring the whole country was back of the government's move for greater participation in the treaty-making, the prime minister said Canada wanted nothing for itself and was trying only to render a service to the cause of world peace.

While this country was making its all-out war effort, Mr. King said, the government had had in mind a hand in the peacemaking. Now, it felt that effort had justified its demand for a seat at the treaty table.

"We were fighting to prevent two countries from dominating the world," he declared. "Now, we do not want to see any one, two, three, four countries dominate the world peace."

ENLARGING WHEAT BOARD LIKELY

OTTAWA.—Possibility of enlarging the Canadian wheat board is being considered by Hon. J. A. MacKinnon, minister of agriculture, in a speech now carried by the board.

The board properly consists of three members but due to the resignation late last month of assistant commissioner E. E. Huntington, there are only two members on the board at present. They are Chief Commissioner George McIvor and Commissioner W. C. McNamara.

It is understood Mr. MacKinnon is considering expanding the board to more than three commissioners because of legislation expected to be brought down at this session of parliament which will impose additional duties on the board. However, Mr. MacKinnon has not yet taken the suggestion before the cabinet.

The appointment of a successor to Mr. Huntington also has not yet been before the cabinet. The assistant chief commissioner's resignation because effective Feb. 1, 1947, but no move has been made yet to name a man in his place.

There have been suggestions that W. E. Brookings, sales manager of the wheat board, and J. G. Davidson, technical administrator, might be in line for the appointment as Mr. Huntington's successor. Mr. MacKinnon, when asked when the appointment could be expected, said he had been giving consideration to the matter but nothing definite had been decided.

Would Save Refugees From Being Deported

LONDON.—Gen. Mark W. Clark, American delegate to the conference of Big Four foreign ministerial deputies, opened a determined campaign to save thousands of refugees from Russian and Soviet-satellite countries from prosecution as "war criminals" for their political views.

Clark introduced at a meeting of the deputies a proposal that the Austrian independence treaty contain a clause to prevent the refugees in question, now in camps in Austria, from being taken by force to their countries of origin. Once deported, they would face trial and prison terms at best.

It was understood here that Clark, if necessary, was even prepared to assume this capacity. An American commander in chief in Austria, to remove the refugees to camps in the American zone in Germany. 2711

NANKING GOVERNMENT IGNORES DAMAGE DONE BY EARTHQUAKE IN SOUTHERN HOPEI PROVINCE

LUANSHIEN, China.—This town in southern Hopei Province has felt earthquake tremors every 10 days since September, 1945, when a 30-minute quake damaged 75 per cent of the homes and buildings, but the people can't get the government officials at Nanking to believe it.

Even the Communists, who were attacking the city during the September quake didn't believe it was an earth tremor. They thought that somehow the Chinese Nationalist forces had obtained an atomic bomb.

In a sudden plea for unity they shouted: "Don't, don't. We are all Chinese."

There was no count of quake casualties at first because fighting between the two forces resumed next morning. Later, during a truce, investigation revealed that there were 34,420 victims, including killed, injured, and people whose houses or other property was damaged by the quake. A total of 466,175 rooms were wrecked.

Yet, when Nanking officials first were approached for a relief appropriation to help rebuild the area, they denied any knowledge of the disaster. Delegates from Luanshien asked the government for at least \$2,000,000,000. Finance Minister T. V. Soong finally centered with an offer of \$500,000,000 which the delegates refused to accept because they considered it an insult to the people of Hopei.

The province itself scraped up 2,000,000 Chinese Nationalist dollars toward the estimated \$69,184,000 CN that it will cost at present price level to rebuild the homes. United China Relief has given another \$10,000,000.

The bureau of statistics reported that stocks of creamery butter in nine principal cities totalled 17,433,720 pounds on Feb. 1, 1946. Stocks on Jan. 1 totalled 25,501,655.

Actually, however, the main reason for Canadian elation concerning butter was still the 8,000,000 to 10,000,000 pounds Canada has been promised from New Zealand. Shipments of New Zealand butter are expected to reach Canada shortly.

DOMINION TO BROADEN IMMIGRATION RULES TO PERMIT ENTRY OF FOUR NEW CLASSES

OTTAWA.—A broadening of the Canadian immigration regulations to permit the entry into the Dominion of four new classes of immigrants was announced to the commons by Resources Minister Glen, the minister responsible for immigration.

He rose during the throne speech debate to disclose the passage Jan. 20 of an order-in-council allowing entry of these new classes:

1. The widowed daughter or sister (with or without unmarried children under 18 years of age) of a legal resident of Canada who is in a position to receive and care for such relatives.

2. An agriculturist entering Canada to farm within a year of a father, father-in-law, son, son-in-law, brother, brother-in-law, uncle or nephew engaged in agriculture as his principal occupation who is in a position to receive such immigrant and establish him on a farm.

3. A farm laborer entering Canada to engage in assured farm employment.

4. A person experienced in mining, lumbering or logging entering Canada to engage in assured employment in any one of such industries.

Mr. Glen also announced amendment to the regulations to allow the admission of orphaned nephews and nieces under 18 years of age who are United States citizens.

He said that because of the still-unsettled conditions in various parts of Europe, and existing frontier controls, it was not yet possible for immigrants from some countries to proceed to embarkation centres for immigration and medical examination as in pre-war years.

Leading livestock state in the United States is Texas.

FOLIO DRIVE "POSTER GIRL" IN NEW YORK—"Poster Girl" for "March of Dimes" infantile paralysis drive, Nancy Drury "makes believe" she's driving a fire engine as she visits New York firehouse. "Cappy" is mascot.

BURMESE AGREEMENT ANNOUNCED—Independence agreement for Burma was signed in London, with two Burmese leaders dissenting, following midnight consultation of delegates with Prime Minister Attlee, left, seen with Sir Stafford Cripps and U. Aung San from Burma.

St. Alban's Receives A "Thank You" Letter

Sometime ago the parishioners of St. Alban's church combined to collect material, parcel and send overseas to Long Marton Rectory, England, sixteen parcels with which to spread good cheer among the parishioners and young children in that parish.

Just recently the following letter was received expressing gratitude for the much appreciated gifts:

"We feel sure you will like to know how much your generous parcels have been appreciated by the children and invalids of this parish, and we all thank you very much for what you have sent. On Friday and Saturday, Dec. 20 and 21, we had two parties, here, at the rectory, for the 50 Sunday school children. By your kindness they had an excellent tea, ending up with 'Trifles' containing rice, which many of the children had never tasted before. Then they played games and sung carols and the rector showed them some lantern slides amongst them being one of your parish, when they went home each child got a bag of sweets, (also, your gifts). We wish you could have been here to see how they enjoyed themselves. The rector thinks you would like to hear about our 'Family Service' on Dec. 22nd.

The church was full of parents and children some of whom came from the neighboring parish of Duffon (where the Rector is in charge at present). He had sent a bus for them and for others living at a distance.

First of all, we had the 'Christmas Bells' on a lovely gramophone record and while another record 'The Trumpet Voluntary' was being played, the children who had assembled in the Baptistery, walked in procession to the Altar, where they laid down their lighted colored lanterns, then they sang 'Once in Royal David's City' standing round the Crib.

When they returned to their seats, the service, of alternate carols and readings by the children. Then the story of the Nativity from St. Luke's Gospel, continued. After an anthem by the choir, the children lined up in the aisle, to receive from the rector, books as Christmas gifts. The service ended by the singing of the hymn 'Oh Come to my Heart, Lord Jesus,' and the blessing.

It was very beautiful and very

touching.

We all send you our thanks and greetings

POLICE REPORT FOR 1946

Editor's Note: This police report was not read at the annual ratepayers' meeting due to the absence of Councillor Fred Cox, police chairman, though sickness.

Cases Under the Criminal Code
1 for operating a gaming house; 8 for being inmates of a gaming house; 4 for assault; 4 for damaging property; 3 for theft of property; 6 for swearing in a public place; 5 for beating board bill; 5 for fighting in a public place; 1 for theft of car; 1 for assault on peace officer; 2 for theft of money or false pretences; 1 for leaving pile of rock in alley, being dangerous to public travel. 41 cases. Paid \$416.75, this money goes to Crown.

14 for being intoxicated in a public place, in the restaurants, on the streets and hotel lobbies; 3 for having liquor in a place other than their private residences; 1 for being in a beer room and not being the age of 21 years or over. 16 paid their fines. The money from the fines comes to the Town of Coleman; 2 served time in Lethbridge jail.

By-Law Cases

7 for not stopping at stop signs (By-Law 131); 8 under By-Law 211, not parking parallel; 5 under By-Law 147, truck on main street; 3 under the Vehicle Highway Traffic Act, these three men paid small fines, half of which goes to the Town of Coleman; 1 under the Health Act.

Making 83 cases in all. Four of these men served time in Lethbridge jail, 1 case dismissed, no evidence to convict. This man was charged with theft of money on or about Feb. 29, 1945. He came to trial on October 16, 1946. It was about 18 months before he was picked up in City of Calgary.

One car reported stolen. Later recovered and the guilty party came into court and paid a fine.

Four car accidents reported. Attended the four accidents. The drivers and insurance companies arranged things out of court. Accidents were caused by slippery streets.

I might say some of these cases under the Criminal Code took as many as three or four days to investigate before they were brought before a magistrate to be dealt with.

I hold warrant for six men for beating board bill. The amount if ever collected amounts to approximately \$300.

To collecting license, checking up on transients and attending to numerous complaints.

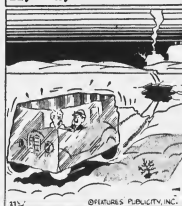

Wm. Antle, Chief of Police.

Comments on EVERYBODY'S BUSINESS

"Do you know," Harry asked me, "what 4,000,000 workers look like?" "No, but I read somewhere that four million dinner pails would reach from Winnipeg to Calgary."

"That helps to visualize the number," said Harry, "but the interesting thing about the four million workers I am talking about, is that they all carry life insurance whether they carry dinner pails or wherever they eat. They are people like our neighbours who live in the houses we can see from here. There are two farm families, then a garageman, a salesman and his daughter who is a stenographer, three factory people, two teachers, an accountant, a banker, a merchant and a contractor."

Life Insurance in Canada is big business because it is the total of the policies of millions of providers who make progress in safety.

Life Insurance is a business built for everybody, a great enterprise which protects the future of more than four million policyholders and their loved ones. Life Insurance offers a systematic and easy way to save. Consult an authorized agent about a plan best suited to your requirements.

REV. W. E. BROWN WRITES FROM MINNESOTA

The Journal received a card from Rev. W. E. Brown, of Pipestone, Minnesota, on Tuesday morning. He receives his copy of The Journal regularly each week and evidently still takes a great deal of interest in community activity. He is following Coleman's bid for a new civic centre and the card on which he writes depicts the playground which forms part of the civic centre at Pipestone. His card reads: "Greetings from Minnesota to all my friends and The Journal staff. May the best vision possible for a civic centre for Coleman become a reality. This card depicts ours here and my

wish is Coleman's may be equally as good. I know the Coleman Journal will ever keep it to the fore.

"We have had a marvelous winter—no snow and not much frost to date. Attended a meeting of the American Legion this evening. A Colonel Mills gave an address. He was in Bataan death march and a Japanese prisoner-of-war for three and a half years. What's wrong with St. Alban's these days, no publicity. Best wishes to all friends."

Pee Wee Hockey

(By Onlooker)

Legionaires 4, Lions 3

By virtue of a close 4-3 victory over Lions, Legionaires won the league championship. Peter Kovacic's four breakaway goals featured the match. Oliva, Kerr and Park scored for the losers.

Scoring Summary

Legionaires: 1, 2, 3 and 4, P. Kovacic; Lions: F. Oliva; 2, J. Kerr; 3, Bobby Park.

Pats 3, Elks 2

Pats finished in third place in the standing by winning a hard fought match from the Elks.

Scoring Summary

Pats: 1, Tiberghien (Braden); 2, Kalkpaka (Tiberghien); 3, Kalkpaka; Elks: 1, Zur; 2, Zur.

SCORING STATISTICS

Peter Kovacic won the league's scoring championship, and will now become the proud owner of a sports jacket donated by L. S. "Sonny" Richards of the Grand Union hotel.

THEATRE NOTES

A Story Strange Beyond Any Woman's Dreams

Palace on Saturday and Monday
"Anna and the King of Siam" unfolds the adventures of an English woman who was called by the fabulous King Mongkut to strange and exotic Siam in the 1860's to

serve as a teacher to his hundreds of harem wives and their children. The shocking, almost medieval barbarism that ran parallel to the age-old culture and beauty of the land, and the imperiously harsh yet moody and temperamental King Mongkut himself could not help but have a profound impact on the frail and sensitive Anna.

How, with the wonder of her Western beauty and the flame of her courage, she braved this strange world and won a triumph more exciting than any woman would dare dream, makes for a thrilling and unforgettable motion picture.

"THE HOUSE ON 92ND STREET"

Lloyd Nolan was turned over to the FBI for a going-over and the boys really made it tough for him. For he had to learn G-Man tactics before he could portray Federal agent in the 20th Century Fox, thrill-filled drama, "The House On 92nd Street," which opens Sat. at the Bellevue theatre, starring the actor with William Eythe and Signe Hasso.

The film, the first ever made with the official cooperation of the FBI, discloses to the public for the first time operations that are more spine-tingling, breath-taking, in their action than any fiction could

ever be—how they tracked down and brought to bay a gang of treacherous spies and saboteurs striking at the heart of America during this nation's struggle with Nazi Germany.

VAN MAARIONS AT MERCOAL

The Journal was pleased to receive a brief letter from John Van Maarion on Wednesday morning. John and Mrs. Van Maarion are apparently going to reside at Mercoal where the Journal will be sent to them weekly.

The Lions club appears to be ever in the thoughts of John as he also sends along a year's dues to help the local club along financially and keep him a fully paid up member. He states there is no Lions club at Mercoal. They send best regards to all their friends.

"JUST LIKE HOME" SHE SAYS

The Journal is in receipt of a long newsworthy and very welcome letter from Mrs. Gus James, of Vancouver. Touching on the 72 mile an hour wind which hit Vancouver last week she stated "It just reminded us of home."

They are looking forward to the vacation season when Coleman friends will be calling at their new home to say "hello."

"LOOK! A CHEQUE FROM UNCLE JOHN!"
It is Bobby's tenth birthday... Uncle John has sent him a cheque. His father explains how Bobby can go to the bank and get cash that very day!

When you make out a cheque, you give an order to your bank to pay the amount specified to the person named.

If he lives on the next street, or thousands of miles away, he can take your cheque to his local bank and get the money.

He cannot get it without a receipt—his signature on the back of the cheque. If yours is a Current Account, your cheque comes back at the end of the month, and so you have a permanent record and receipt of the payment.

The enormous convenience of the chequing system is just one of the many services provided by your bank... for you.

This Advertisement is Sponsored by your Chartered Bank

Outstanding items in the 77th ANNUAL REPORT

"A year's operations quite satisfactory in all respects."

NEW ASSURANCES PAID FOR IN 1946 \$104,946,910

The new sales in 1946, almost entirely Canadian, established a new high far exceeding any previous year. Over 34,000 new policies were added to the books.

TOTAL ASSURANCES IN FORCE ON DECEMBER 31, 1946 \$855,165,736

The Company has closed each of its seventy-seven years of operation with more insurance in force than at the beginning of the year.

TOTAL ASSETS \$286,792,678

The safety of the policyholders' funds has always been the corner-stone of the Company's investment policy.

TOTAL PAYMENTS TO POLICYHOLDERS AND BENEFICIARIES \$16,897,185

65.6% of this amount was paid to living policyholders. Associated diseases of the heart, blood vessels and kidneys accounted for more than 50% of the death claims, cancer 14%, accidents 4%, tuberculosis 2% and pneumonia 2%.

SURPLUS EARNED IN 1946 \$5,500,426

In a mutual company, the benefits of successful operation accrue to policyholders, and the earnings in 1946 permit the continuation of the Company's long and outstanding record of high returns to policyholders, reducing the actual cost of their life insurance.

The 77th annual meeting of policyholders was held at the Head Office on February 6, 1947. A copy of the complete report of the proceedings will be sent on request.

OUR COMPLETE
SHORT STORY—

A LOVELY DAY FOR LAURA

By G. PATRICIA WARBURTON

THE sun shone brightly through the window making intricate patterns on the carpet, and the soft breeze casually ruffled the drapes.

It was very quiet in the room, but outside the birds were singing sweetly and the scent of flowers was poignant. It was one of those rare, unforgettable days of the early summer when Nature seemed to have bewitched herself with the beauty spread so lavishly everywhere, and now lay breathless and inanimate.

Douglas Marlowe turned from the window to look at his wife, thinking, "How young she looks."

Her long, dark lashes curled up from her white skin, and there was a faint sprinkling of freckles across her nose.

He remembered the first time he had watched her as she lay sleeping. After awhile she had opened her eyes, smiled slowly and sleepily at him, and murmured, "Hello, you," then twined her fingers around his.

His heart had contracted at this gesture, and he felt a quick surge of tenderness and protectiveness, and bending down, had brushed his face in her hair, whispering huskily, "Darling, darling, I love you."

Their three-week honeymoon had been heaven, but even now, after three years, Laura seemed somehow to make every day exciting and happy.

She was interested in everything and everybody. Children, animals, her precious garden, on which she spent so much time and energy, the gifts he brought her, especially the amusing ones, like the parrot that talked, or mostly swore and which they had finally sold back to the pet shop. She was absorbed with everything that came her way.

She had been twenty-three when

he married her, and he had thought sadly that as she got older and settled down, she would probably lose this gay and charming manner, and once he had said, "Don't ever change, Laura." Now, at twenty-six, she was still the same, perhaps a little more mature. Even the loss of their first child which they had both wanted so much had not embittered or hardened her. She had been quiet and sad, and a little lost, for a time, but gradually her laughter and quick good-nature had come back.

She enjoyed the same things he did, liked the same sports, and they got on wonderfully together.

Not that they hadn't ever had a quarrel. He remembered one in particular. He had driven two prospective customers out into the country to show them some property. On the way back, the car had broken down. They were miles from anywhere, and when he finally got it running again, his one thought had been to get home as quickly as possible and he hadn't stopped to phone Laura. It was almost three o'clock when he arrived home, and she was waiting for him, tense and worried.

She was relieved and thankful to see him unhurt, but hours of waiting had sharpened her tongue and she made several very pointed and sarcastic remarks. Then she had cried a little and he had comforted her, and they had kissed and made up. It was funny how quickly a woman's mood could change, he thought.

He glanced again at Laura, but she still did not stir.

Then he looked out of the window, thinking again what a beautiful day it was.

This was the kind of a day Laura liked. She would wake up soon.

She loved to hark in the hot sun with as little on as possible, and was forever calling him to rub her back with sun tan oil. Not that he minded the job for her back was soft and smooth, and he loved the pleasant sensation of that satin skin against his palm.

"Doug, that's enough," she would cry, and he would say, "Just a little more on this shoulder."

"But you've already done it twice," she would protest half-heartedly.

He would rub for another two or three minutes, then give her a final pat, and half the bottle of oil would be gone. After a while, it became a ritual that both enjoyed.

Christmas was another ritual. Laura loved Christmas, and looked forward with anticipation to all the

bustle, last-minute shopping and gay festivities, and she threw herself with intense concentration into feverish preparations. Two or three days before Christmas they trimmed the tree.

Christmas Eve, all the presents were spread under the tree in a galaxy of colour and fancy wrappings, and next morning they had a wonderful time unscrambling them all. Relatives and friends' presents were put back under the tree, and their own were put on one side to be taken back to bed to be opened.

They always bought each other one good present, one funny present, and two or three small ones.

Laura usually spent the rest of the morning rushing back and forth answering the doorbell, welcoming visitors, distributing presents and dispensing cheer in the way of shortbread, fruit cake and other delicacies, while he was busy mixing his own special Christmas punch.

In the afternoon, they visited some of their friends, and later had dinner with Laura's family.

He sighed wearily. How different it would be next Christmas.

It seemed to be getting warmer outside. The scent of flowers grew heavy in the room. Douglas thought how Laura would hate to miss even a minute of such a perfect day, and wished again that she would waken and smile a greeting at him.

Suddenly, from the room overhead, the thin, fretful cry of a new baby startled him, and he was aware that he had been day-dreaming and lost in memories for a long time. He was also conscious of the low murmur of voices.

Again the baby whimpered, and still Laura did not stir.

He was vainly trying to gather his wandering thoughts when a tall man with a kind face quietly entered the room and spoke to him.

Then he remembered, Laura was not going to wake—not ever only the small daughter, whimpering in the nursery, remained—the lovely, lovely day.

Will Loan Priceless Stamp Collection

The King will loan a portion of the priceless Royal stamp collection for the centenary international philatelic exhibition in New York next May. It was disclosed.

Two of the most valuable stamps in the collection are the famous pair of Mauritius penny orange red and two penny blue. The latter, the only perfect specimen in the world, is valued at \$10,000 (\$40,000).

Fashions

By ANNE ADAMS

Oh You Smoothie!

It's modern design, all right! The frock's nothing else but slim, sleek, snappy, but sexy. Pattern 4567, with a couple of chic tricks—shoulder tabs and back tulle.

This pattern, easy to use, simple to sew, is tested for fit. It takes complete size 12, 14, 16 and 18.

Pattern 4567 comes in 10 sizes—11, 12, 13, 14, 15, 16, 17, 18, 19, 20—2 yards 28-inch fabric.

Send twenty cents (20¢) in stamps (cannot be accepted) for the pattern. Write plainly: Size, Name, Address, and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union 175 McDermott Ave. E., Winnipeg, Man.

Oil dug from the earth is one of the oldest materials known.

OUR UNEMPLOYMENT
INSURANCE FUND UP

OTTAWA—Though payments from Canada's unemployment insurance fund went over the \$50,000,000 mark last year, the fund swelled by a net \$41,000,000, the unemployment insurance commission announced.

Balance in the fund at the end of 1946 was \$37,222,000. The climb was achieved despite the fact that 1946 disbursements of \$51,000,000 were more than 3½ times the net-highest annual total of \$14,500,000 paid out in 1945.

The heavy rise in benefit payments, however, resulted in a smaller net increase in the fund than was the case in 1945.

Employer-employee contributions amounted to \$64,995,000, compared with \$60,938,000 the year previous. Regular government contributions moved up from \$12,417,000 to \$14,187,000.

In addition, two special contributions by the federal government aggregated \$5,490,000. One, for \$5,067,000, was to cover time spent in the armed forces allowed to veterans free of charge under unemployment insurance after becoming established for 90 days in insurable civilian employment. The other, \$873,000, was to provide credits for wartime merchant seamen to qualify for free time under the insurance act.

Interest and profits on investments brought the fund \$7,207,000 last year, compared with \$5,874,000 in 1945.

RED CRANK GUNMAN ELECTS TRIAL BY JURY—Austin Craft, Blountford, Ont., salaried employee, elected trial by judge and jury when he appeared in Hamilton police court on a charge of robbery. Police accuse him of robbing a Bank of Toronto branch in Hamilton of \$1,600 in cash.

The staff and two customers were forced to keep quiet by the supposed gunman, who was later found to be carrying a hospital bed crank wrapped in paper. Two girl clerks disguised a third girl's efforts to call police by coughing loudly. The accused was arrested less than a minute after the alarm was sounded.

THRILLS of the ROARIN' GAME

By BILLY ROSE, Sudbury, Alta. Canadian (Curling Champion, 1946)

While there are many thrills in curling I recall during the course of the 1946 Brier at Saskatoon, two stand out in my memory very vividly.

The first occurred in the first game my rink played against Howard Palmer and his Calgary Club rink in the Provincial finals at Edmonton.

Howard Palmer is a wonderful curler and a swell fellow to boot. We had met in our previous Brier's and Howard had had much the best of it, winning both. In this year's final he was three up going home in the first game of a best of three series. When I went to throw my last rock he was lying flat in front of my lead rock and it would take a very accurate shot to displace his without hitting my back rock or rolling out myself. I was lucky enough to get the right "B" in and weight, making the shot to lay three and tie the game, forcing an extra end.

In the extra end my rink sawed things up so tight that neither Howard or myself could do very much about it when our turns came to shoot. The making of this shot, was naturally quite a thrill to me and no doubt to the hundreds of spectators, but I believe that the making of that shot also provided added inspiration to the other members of my rink to such an extent that they went into the second and what proved to be the final game with plenty of confidence and this game was not so close.

It is also quite possible that this shot coming as it did when the game seemed over, had somewhat of an adverse effect on the playing of the Calgary boys in the second game.

I would like to add one thought and that is that it takes four men to win a curling game or a competition. No skip can win by his own efforts alone and I cannot give too much praise to the three boys who curled with me.

Northern Trapper
Bothered By Mosquitoes

THE P.A.S. Man—It may be the coldest winter northern Manitoba has experienced in 10 years but Alex Jones, bachelor trapper of the Falls Island district, five miles east of The Pas, is complaining about mosquitoes.

Not only that but he answers doubting and quizzical looks by flipping back his parka hood to reveal several sizeable humps.

"Mosquito bites," he explains, "Not only that but I kill four or five every day in my cabin. They come through the floor. I figure if they can stand the winter, they will probably be pretty tough by the time summer comes."

Jones believes they breed in the muskeg under the cabin and the warmth of the stove makes them think summer is here. Once they find it's cold they try to keep warm by flying around. "They're easy to kill, right now. Oh, I don't mind them, but the trouble is when they bite, they itch. When I itch, I scratch and when I scratch, nobody believes it's just mosquitoes in winter."

Try Kruschen for relief of morning headaches and sluggish feelings. 25¢ and 70¢ at all drug stores.

RECIPES

SOFT CRUMB COFFEE CAKE
3 cups sifted flour
4 teaspoons baking powder
1½ teaspoons salt
½ cup sugar
½ cup shortening
2 eggs, well beaten
1½ cups milk

Crumble or Honey Nut Topping
Sift flour once, measure, add baking powder, salt, and sugar, and stir together into bowl. Cut in shortening until mixture looks like coarse meal.

Combine eggs and milk; add to flour mixture and mix only enough to dampen flour. Spread in a greased 10x10x2-inch pan. Sprinkle with topping. Bake in moderate oven (350 deg. F.) 35 to 40 minutes.

Crumble Topping—Mix 4 tablespoons sugar and 1½ teaspoons cinnamon. Add to 1½ cups soft bread crumbs and toss with 4 tablespoons melted butter. Add 4 tablespoons chopped nuts and sprinkle over coffee cake before baking.

Honey Nut Topping—Cream ½ cup butter with ½ cup brown sugar and 1½ teaspoons salt. Add ½ cup coffee flour and honey, and 2½ cup chopped nuts. Beat to mix. Then stir in 2 tablespoons hot water and sprinkle over coffee cake before baking.

NOTE A QUOTER
Frank P. Grant of Windsor, Kas., who didn't work until he was 95, died recently at the age of 106. He was only persuaded to retire in 1926 when he was job as a seasons grinner after he was struck by a train and seriously injured.

Used to Wake Up
with a Headache

Now Fresh and Lively
Every Morning

Here is a man who woke up most mornings with a dull headache. What a dismal way to start the day! But Kruschen transformed his life, according to his letter:

"I used to wake up in the mornings with a dull headache. A year ago, I started taking Kruschen Sals regularly. Today, I wake up fresh and lively and can do my day's work without undue exertion. I find Kruschen Sals a great help and have not been so healthy for a long time. I can recommend Kruschen for anyone suffering from headaches and constipation. I'll never be without Kruschen as long as I live!—E.P."

Dull headaches such as this man suffered from can often be traced to a disordered stomach and to constipation because of waste material which remains in the system. A small dose of Kruschen taken regularly in the morning promptly helps to remedy this condition. And that is how Kruschen acts to relieve such headaches.

Try Kruschen for relief of morning headaches and sluggish feelings. 25¢ and 70¢ at all drug stores.

Post-War Peaks Seen In U.S. Steel Output

CLEVELAND.—Steel production has increased to the highest level attained since the war and is headed toward new post-war peaks, the Magazine Steel said recently.

Prospects are that a balancing of supply and demand is still some months off, the magazine predicted an excess in requirements of flat rolled products, including plates, beyond the second quarter of 1947. Some leaders anticipate that a satisfactory balance in most grades of sheets and strip will not be reached until next year. The supply of alloys is adequate.

GREAT SHORTAGE
Canada has a shortage of 4,000 doctors, 6,000 dentists, innumerable nurses and \$170,000,000 worth of hospital and equipment, according to Mr. George Headley, of Toronto, president and general manager of the Health Study Bureau. Canada's Weekly.

LOCAL NEWS

John Anderson Jr., is a patient in the local hospital.

Mr. Walter Blyth was allowed home this week following a stay in the local hospital as a patient.

Mrs. George Jenkins is spending a few days vacation at Calgary, the guest of Mr. and Mrs. Dave Jesse.

Mrs. Isaac Dixon, of Vancouver, is spending several weeks vacation with her mother, Mrs. Hugh Dunlop.

Mr. Grant McGillivray of the local CPR depot staff left on Sunday for Courts where he will be cashier at that depot.

The Journal acknowledges with thanks new and renewal subscriptions received from the following out-of-town readers, Mr. Wm. Cole Sr., Victoria; Mr. George Fisher, Natal, BC; Sam McDowell, Blairmore; Frank Barringham, Vancouver.

Mrs. E. Milley, accompanied by her daughter, Mrs. Douglas Taylor, of Calgary, are the guests of Mr. and Mrs. Wm. Milley.

The Misses Maion Bamling and Lois Brownrigg of Lethbridge were week end visitors at the home of the former's parents, Mr. and Mrs. John Bamling.

Mrs. Edwin Hoggan is a patient in the Bellevue hospital. It had originally been planned to have her hospitalized at Calgary but lack of accommodation caused her to be taken to Bellevue.

Mrs. R. Magowan, Mrs. R. Holmes and Mrs. E. Ash attended the Presbytery meeting at Lethbridge last week. While in the city Mrs. Holmes took sick and is at the present time a patient in the Galt hospital.

BIRTHS

Born: To Mr. and Mrs. E. L. Welsh, nee Bella Kroli, of Cranbrook on January 30, a daughter, Lorraine Joan.

Born: To Mr. and Mrs. Douglas Jenkins, of Calgary, on Sunday, February 2, a son.

Born: At Mrs. Newsome's Nursing Home on Saturday, Feb. 8, to Mr. and Mrs. Marcel Faville, a daughter.

Born: At Mrs. Newsome's Nursing Home on Friday, Feb. 7, to Mr. and Mrs. Thomas Zenjak, a daughter.

WEDDINGS

LANT-KOSMA

Holy Ghost church was the scene of a pretty wedding on Saturday morning when Rose, only daughter of Mr. and Mrs. William Kosma, of Coleman, was united in wedlock with Gene Lant, eldest son of Mr. and Mrs. Guido Lant, of Coleman.

Entering the church to the strain of the wedding march played by Mrs. Frances Maurer the bride was given in marriage by Mr. Steve Penney. She looked charming in a floor length gown of white net and old English lace with lily point sleeves. Her full length net veil was caught by a beaded coronet and she carried a bouquet of American Beauty roses. Her only ornament was a gold locket, a gift of the groom.

Miss Clara White, of Bellevue, attended the bride and chose a blue sheer gown with matching chapel veil and spray of pink flowers. She carried a bouquet of Kohomo carnations.

Miss Mary Hopkins, bridesmaid, wore a pink net over taffeta with jersey top with matching chapel veil and a spray of roses. She carried a bouquet of Kohomo carnations.

The groom was attended by Bruno Dudy and his brother Ernest Lant.

Following the ceremony breakfast was served at the home of the bride's parents where only relatives and close friends were gathered. The bride's table was centered by a three tiered wedding cake flanked by bouquets of snapdragons and carnations.

Receiving the guests were the mothers of the bride and groom. The bride's mother chose a black and rose dress with a corsage of pink carnations and roses. The groom's mother wore a two piece black suit with a corsage of pink carnations and roses. Also in attendance was the groom's mother who wore a black dress with a corsage of pink carnations.

In toast to the bride was given by Mr. Ernest Hill to which the groom responded.

In the afternoon a reception was held at the home of the groom's parents where sixty

guests were in attendance. The bride's table was centered with a wedding cake and a second toast to the bride being given by Father Leo Sullivan, to which the groom ably responded.

The young couple left that evening for Calgary and points north to spend a honeymoon. For going away the bride wore a two piece gold suit with brown boxed coat and matching accessories.

Before leaving, telegrams conveying good wishes were received from friends and relatives at Vancouver and Lethbridge.

FIRST AID...

The Order of St. John, which controls the St. John Ambulance Association and Brigade, initiated and organized throughout the British Empire the science of First Aid.

St. John Ambulance, in Canada, today is an active organization which—without charge—not only teaches the science of First Aid and Home Nursing but also, through the members of the

St. John Ambulance Brigade, renders a First Aid and Nursing Service wherever disaster may strike or injuries be suffered.

The activities of St. John Ambulance reach into many fields. In factory and home, at sporting events and public gatherings, on the open highways and on city streets, St. John Ambulance steadily goes about its business of saving lives and alleviating distress.

When you support the activities of St. John Ambulance, you play your part in saving lives that would otherwise be lost and in reducing the ill effects of injuries and sickness.
